## INTRODUCTION

The "Technical Regulations" include Regulations for the following disciplines:

- Artistic Gymnastics
- Rhythmic Gymnastics
- Trampoline Gymnastics
- Acrobatic Gymnastics
- Aerobic Gymnastics

Regulations for Gymnastics for All are in a separate document.

The Technical Regulations conform with the Statutes of the FIG. Consequently, if any unforeseen circumstances should arise, where any TR's are at variance with the intent of any Article of the Statutes, the intent and interpretation of the said Article shall prevail and the said Regulation shall be duly amended.

These Regulations are arranged in sections to provide for specific areas of technical organisation and control. As it is not always possible to deal exclusively with the various subject matters under separate headings, it has been necessary to make cross-references whenever the circumstances so require. Cross-references may also be made to the Statutes and the Codes of Points.

Where, in the Regulations, it is necessary to make particular provisions for competitions or events the following order of reference is observed:

- Olympic Games
- Youth Olympic Games
- The World Games
- World Championships
- FIG Tournaments
- FIG Displays
- Continental Championships
- Regional Games
- Competitions between National Federations
- International Tournaments and Competitions
- Exhibitions and Displays

The structure, functions and formation of the FIG technical authorities - the Technical Committees and the members of the Technical Committees - are set out in the Statutes as well as in these Regulations.

#### **Art. 2.2.7 Other Events**

International tournaments and/or competitions may be held in each discipline at the initiative of the EC.

#### **Art. 2.2.8 Gala performances**

The FIG in agreement with the LOC may organise a Gala (display without judging and ranking) after the OG, the YOG and World Championships.

All invited medal winners have to participate. They will receive an amount in addition to the prize money from the competition. This amount is 25 % of their total prize money. In case they do not participate in the Gala no additional amount is paid and the individual prize money earned is reduced by 25 %.

In order to guarantee a high level of performances at the FIG Gala, the gymnasts are invited to present their competition routine or a programme specially created for the gala, in accordance with the organisers and the TC Presidents concerned.

The additional costs of transportation and accommodation will be paid by the LOCs. Only affiliated federations are authorised to deal with the LOCs exclusively for all payments. The organisers are responsible for the payment. Exception: the OG and the YOG.

Each Gala's programme must be approved by the FIG Secretary General.

The amounts of prize money awarded according to the ranking are determined by the EC. The prize money is transferred to the NFs participating in the Gala. Should a gymnast not present an exercise of a level of his / her possibilities, the amount of prize money may be reduced to 75%.

#### **Art. 2.2.9 World Aerobic Gymnastics/fitness Conventions and other International Displays**

### **Art. 3.1      Continental Competitions**

The organisation of continental championships and other continental competitions in all disciplines is provided for in the Statutes. The assignment of such competitions is the prerogative of the respective Continental Union. The TR of the Continental Unions have to be approved by the EC.

The programme and starting order are based on the TR.

According to this provision, continental organisations approved under the Statutes, may determine other details which may serve to develop all disciplines on their continent. These include questions about the competitions programmes, the system of running the competitions and the number of gymnasts involved.

One year before the competitions, which must be identified by name, all details are to be communicated to the FIG Secretariat.

The formation of continental or intercontinental teams can be authorised by the EC with the approval of the Continental Unions.

### **Art. 3.2      Regional Games**

Participation in Regional Games such as the Pan-Arabic Games, the Pan American Games, the Mediterranean Games, the Central American and Caribbean Games, the Asian Games, etc. are permitted under the Statutes but require the consent of the FIG. It is, therefore, the function of the NF of the organising country to communicate with the FIG.

### **Art. 3.3      FIG Representatives and Autonomy of Organisers in Continental and Regional Games**

The organisation and the running of continental championships or regional games are within the competence of the Continental Unions or the regional bodies concerned, provided the Statutes, Regulations and Codes of the FIG are observed.

The FIG is entitled to send Delegates to these events (representatives of the EC and/or Technical Delegates). These representatives have the authority to intervene.

### **Art. 3.4      Competitions between Federations**

Each NF has the right to arrange competitions with other NFs. Competitions which promote the development of friendly relations are entirely in the hands of each federation. With the aim of ensuring a uniform organisation of competitions, the conditions of the event must be stipulated in writing. Attention should be given to the points made in the TR concerning the following:

- time and place of the competition
- nature of the competition
- programme
- designation of the winner
- protocol ceremony and awards

The arrangements made, are to be strictly respected by the NFs. The instructions regarding the judges and judging (Art. 7) have to be observed according to the nature of the competition.

The programme and operating procedures are agreed between the participating federations but based on the provisions of the TR. Participants must be fully informed of all these details as well as all other administrative and technical details in writing.

With the consent of the FIG, and by mutual agreement between the federations involved, modifications may be allowed to accommodate the particular needs of the competitions.

While the rights of participation, entry procedures and other organisational questions are by agreement between the participating federations, all such international events, arranged by federations, are to be brought to the attention of the FIG.

### **Art. 3.5 International Tournaments and Competitions**

In addition to the international competitions, the international tournaments and events for

- individual gymnasts in ART, RG, TRA and AER
- groups in RG
- synchronized pairs in TRA
- pairs and groups in AER and ACRO

constitute another form of international competition. They must be organised taking into account these Regulations and they must likewise be brought to the attention of the FIG.

The programme and operating procedures are decided by the organising NF but based on the provisions of the TR.

However, competitions (qualifying events, etc.) at continental cups or championships are exempt from these directives and are the direct responsibility of the Continental Union concerned.

### **Art. 3.6 Age Group Competitions**

Age Group Competitions can be organized by the affiliated Federations or by the Continental Unions, on the basis of the Rules, which have been defined by the EC, taking into account the principles of the Age Group and the Academies.

It may be adapted to local conditions and it may be mixed (Men's and Women's Artistic Gymnastics, Rhythmic Gymnastics, Trampoline, Tumbling and Double Mini-Trampoline Gymnastics, Acrobatic Gymnastics and Aerobic Gymnastics). The exercises demonstrated will not be judged.

Big events of this nature must be brought to the notice of the FIG at least one year before they are held so that the support of the FIG and NFs may be assured. Such events should be part of the international calendar.

The notification to the FIG must include the following information:

- programme and the timetable of the event
- apparatus used
- number of participants and federations involved
- financial conditions

Notification to the FIG is not necessary, if NFs organise exhibitions and promotional displays involving only their own gymnasts and for the normal requirement of development, promotion and revenue-generation of the NF concerned.

### **Art. 3.8 Sanctioning of International Events**

In accordance with Art. 35.1 of the Statutes, the EC has drawn up rules for the sanctioning of international events.

The FIG shall not be liable for any event/competition staged without its approval. Besides, the only results officially published shall be those of competitions approved by the FIG. The control of the judges' work shall be done and considered.

## **ART. 4 ORGANISATION OF COMPETITIONS**

### **Art. 4.1 Entry Procedure for World Championships**

Registrations must be officially submitted by the NFs through the FIG online system.

The **Provisional Registration** must be duly submitted online at least five months before the date of the competition.

If the Provisional Registration is missed or is late, before the Definite Registration can be made, a penalty fee, fixed by the Council\*, must be paid

The **Definitive Registration** must be duly submitted online at least three months before the start of the Competition.

In the Definitive Registration it is possible to make other nominations than in the Provisional Registration (e.g. team instead of individuals or vice-versa).

If a NF entered the Provisional Registration, but missed the Definitive Registration deadline, a late Definitive Registration will be accepted if the Registration is duly submitted online before the drawing of lots and if the NF pays a penalty fee\*.

The federations have to submit the nominative registration of the judges together with the nominative registration of the gymnasts.

The **Nominative List of gymnasts**, reserve gymnasts (where applicable), judges and officials must be duly submitted online in principle at least 4 weeks before the start of the Competition on the online FIG database platform. #### ***For Rhythmic gymnastics only:***

At the time of the nominative registration, particular attention must be given as to the apparatus chosen for the Qualification Competition, as well as the starting order of the gymnasts. Fifteen (15)

days prior to the start of the Competitions for Individuals, NFs are allowed to re-submit, via the FIG online registration system, the final nominative registration and the apparatus chosen as well as the starting order of their gymnasts. In case a starting order is not received by the deadline, the initial Nominative list will be used.

**For all disciplines:**

The requisite **Entry Fee\*** must be paid at the latest at the date of the deadline for the Definite Registration. (In principle, in the case of none or partial participation, the inscription fee will not be reimbursed.)

If at the definitive registration a NF registers a team and the team is not participating at the championships, the NF has to pay a fine fixed by the Council\*. If a NF changes its definitive registration from a team to individuals, the individual gymnasts are not allowed to participate before the fine is paid.

\*Note: The fees and fines fixed by the Council at the meeting 2002, to be paid to the FIG, are as follows:

**Art. 4.2 Changes to the Lists of Names**

**From the Definitive Registration until the Gymnasts' Drawing of Lots**

After the draw, no gymnast can be added to the number of gymnast as declared in the Definitive Registration. No additional gymnasts may appear on the Nominative Registration and at accreditation.

**Nominative Registration**

At the deadline of the Nominative Registration, the names of the gymnasts (together with the apparatus chosen and the starting order for RG) have to be declared (as per the number declared in the Definitive Registration).

**From the Nominative Registration until Accreditation**

If any gymnast gets injured or ill between the Nominative Registration and the Accreditation, the injured or sick gymnast can be replaced and another gymnast can be accredited. An updated nominative list has to be established by FIG.

For RG, if any gymnast gets injured or ill, after the second step of the Nominative Registration, until accreditation, the replacing gymnast will have to perform all apparatus the sick or injured gymnast was registered for, and will fill the same position(s) in the draw (starting order) of the replaced gymnast.

**General rules for gymnasts replaced after accreditation or during competition**

Gymnasts who have been withdrawn or replaced for whatever reason (including injuries and illness), may at no time be reaccredited or compete in any later phase and competition of the respective event.

### **From Accreditation until 24 hours prior to Qualifications**

In the case of injuries or illness of any gymnast between the time of accreditation and 24 hours prior to the beginning of Qualifications, the NF is allowed to change any accreditation. The gymnast injured or ill must return his/her accreditation and another gymnast can be accredited.

For RG the replacing gymnast will have to perform all apparatus the sick or injured gymnast was registered for, and will fill the same position(s) in the draw (starting order) of the replaced gymnast.

### **24 hours prior to the Qualifying competition**

24 hours prior to the beginning of the Qualifying competition, no new accreditations can be delivered. The 24 hour period is the one which precedes the start of the day of qualification of the respective team/gymnast.

### **From 24 hours prior to Qualification or Team Finals until 60 min prior to Qualification or Team Finals**

In the case of injuries or illness with medical certificate verified by the official FIG / LOC medical doctor of any gymnast between 24 hours prior to the beginning of Qualification or Team Finals and 60 min. prior to Qualification or Team Finals (ART), any gymnast already accredited can be used as substitute by the NF. The substitute shall take exactly the same place as the replaced gymnast. If this is not possible, the coach has the right to revise the starting order. The President of the Superior Jury shall approve.

### **For ART, from 60 min prior to Qualification or Team Finals until the end of Qualification or Team Finals**

In the case of injuries or illness with medical certificate verified by the official FIG / LOC medical doctor of one of the confirmed gymnasts in Qualification or Team Finals from 60 min prior to the beginning of Qualification or Team Finals and until the end of Qualification or Team Finals, the confirmed gymnast number 5 for Qualification and the confirmed gymnasts number 4, and 5 in Team Finals can be used as substitute by the NF. The substitute shall take exactly the same place as the replaced gymnast. If this is not possible, the coach has the right to revise the starting order. The President of the Superior Jury shall approve.

### **All-around Competition and Apparatus Finals**

Qualified gymnasts for All-Around Competition and Apparatus Finals may be replaced by their NF with one of its other gymnasts, at their discretion, provided that the said replacement has obtained a superior result to that of the first gymnast of reserve. The replacement gymnast will fill the position in the draw of the replaced gymnast. This change can be made as follows: 24 hours prior to the start of MAG and WAG All-Around Competition and Apparatus Finals, this change can be made by informing the LOC. Past this deadline, this change can only be made in the case of injuries or illness of one of the qualified gymnast with medical certificate verified by the official FIG / LOC medical doctor.

For the OG and the YOG, IOC rules apply.

In exceptional cases, the TC President concerned may accept a relevant change.

### **Art. 4.3 Entry procedures for the Olympic Game, Youth Olympic Games and the World Games**

The federations concerned are notified by the Secretary General of the entry procedure.

### **Art. 4.4 Procedure for the Draw**

In those cases where it is necessary to draw lots in advance of a Competition (i.e. excluding the draw which take place during the course of a Competition) the following procedure will be followed:

1. The draw will take place within two weeks after the deadline of the definitive entry for the World Championships with team and two weeks after the deadline of the nominative entry for the individual World Championships.
2. The federations will be informed by the Secretary General at least one month before of the time and place of the draw and they will be entitled to be present at the draw.
3. The Media will be informed and allowed to send representatives and the Local Authority, in whose area the draw will be held, will be invited to send representatives.
4. The lots shall be drawn by a "neutral" person manually or by computer.
5. The draw will decide the order in which the lot for each team, or gymnast (including groups and pairs), will be drawn and determine the order in which the team or gymnast will commence to compete in the Competition.
6. For RG and AER, for the health and safety of gymnasts, FIG has accepted that gymnasts competing in multiple finals require 10 minutes to recover before competing again.

The draw is done in advance and therefore may not allow for this recovery period. Rather than measuring in minutes this recovery period, it has been translated to be equal to 4 competition performances. This also includes the judging time.

In RG and AER Gymnastics the draw will be adjusted according to this principle. If a gymnast or group competes 7th in one rotation and is drawn in positions 1-3 in the next rotation the new starting position will become 4th. If a gymnast or group competes last in a rotation and is drawn in positions 1-4 in the next rotation the new starting position will be 5th.

This adjustment, if necessary, will be made by the President of the TC concerned or his representative once the qualifying gymnasts have been informed and a new start list will be produced by Longines.

This principle applies for all following rotations and also during other final competitions as well as for the World Games (Qualifications).

#### **Examples (Principles)**

## **ART. 7 JUDGES AND JUDGING OF COMPETITIONS**

### **Art. 7.1 General Principles**

All exercises in gymnastics' competitions must be evaluated by judges possessing the requested qualifications for this function. They must be members of their national federations, hold the nationality of the NF they represent and be motivated to judge honestly the exercises presented by the gymnasts.

Each judge will have an assigned place where the official IOC abbreviation of his NF must be displayed.

For the OG and for the YOG, the number of judges shall be fixed by agreement between the FIG and the IOC (Art. 7.10.1). However, in the allocation of judges to the different panels (draws), and for the World Championships of the Olympic disciplines, only one judge of the same NF may be in the same panel. For TUM, DMT, AER and ACRO the Art. 7.8.2. are applicable.

## **Art. 7.2. Basis for Judging: Codes of Points and Judges' Rules**

The separate COP including the appendices - for Men's and Women's Artistic Gymnastics, Rhythmic Gymnastics, Trampoline Gymnastics, Acrobatic Gymnastics and Aerobic Gymnastics – and the General and the Specific Judges Rules – form the basis for judging.

## **Art. 7.3 Development, modification and interpretation of the Codes of points**

The development of the COP is the responsibility of the appropriate TCs and COPs are submitted to the EC for adoption. Nothing should be contained in the COP which contravenes the provision of the Statutes, the Technical Regulations as well as other FIG Rules, or which has the effect of modifying such provisions.

When modifications are brought forth to the COP, it is necessary to respect a deadline of a minimum of 6 months prior to being applied in competition, taking into account the date when the FIG sends the new instructions.

If, on the part of the TCs, there is information concerning certain interpretations of the COP, proposed at the moment of the competition, this must be done in writing and be distributed to the federations at least 24 hour before the start of the competition.

The COP for Men's Artistic Gymnastics, Women's Artistic Gymnastics and Rhythmic Gymnastics are published in French, English, German, Spanish and Russian. Trampoline gymnastics, Acrobatic Gymnastics and Aerobic Gymnastics COP are published in French, English, Spanish and Russian. Translations are possible with the consent of the FIG who requires copyright thereof.

In case of dispute, the French text applies. .

## **Art. 7.4 Qualification of Judges for FIG Official Competitions: Brevets**

In order to act in any of the judging capacities listed in Art. 7.8 below, it is necessary – except in the case of members of the EC acting on the Jury of Appeal – to possess the FIG judges' brevet currently in effect and, where so required, the classification appropriate to the judging function in question.

The TCs are empowered to deal with the procedure for the classification of judges.

The TCs continually carry out the education, qualification and assessment of judges in order to maintain a sufficient number of qualified or "breveted" judges.

## **Art. 7.5 Tuition and Examination for the FIG Brevet**

For the purposes set out in the foregoing Art. 7.8, there is a cycle of instruction of 4 years' duration commencing in the year following the Olympic Games. The cycle always commences with an intercontinental judges' course which is held solely under the control of the respective TC in accordance with the conditions of the FIG General Judges' Rules approved by the EC.

Following the intercontinental course, international courses are hosted by federations. The programme of the intercontinental and international courses is the same and remains so until the end of the cycle. At the conclusion of the intercontinental course and the international courses, the FIG brevet, the qualification in the various categories or the confirmation of the brevet that was previously awarded, can be granted. It is obvious that the requirements of the Judges' Rules and of the concerned TC must be respected.

At least four months prior to hold such courses application must be submitted by NFs via FIG online system.

## **Art. 7.6 Validity of the Brevet**

If a judge wants his name to continue to figure on the database of judges recognised by the FIG he must take part in a course in the new cycle and if he wants to reach a higher category, he will have to comply with the required criteria as mentioned in the General Judges' Rules.

The practical experience and the honesty of the judges will be taken into account for their qualification.

## **Art. 7.7 Registration of International Judges**

All breveted judges are registered at the FIG Secretariat.

## **Art. 7.8 Organisation and responsibility of Juries at official FIG Competitions**

The judging of official competitions of the FIG, and of the OG and YOG is the responsibility of the personnel listed below:

### **Art. 7.10.1 Olympic Games and Youth Olympic Games**

For the OG and the YOG the number of Judges will be determined following an agreement by the IOC and the FIG.

#### ***Artistic Gymnastics, Rhythmic Gymnastics and Trampoline Gymnastics***

Judges in good standing are appointed by the FIG, taking into account the degree of the brevet, the experience and the quality of the judges, as well as the particular demands of the OG and the YOG Regulations set by the IOC.

The TC proposes the judges for the OG and the YOG based on the Judges' Evaluation Program results performed during the cycle, unified, objective criteria included in the Judges' Rules and this list is submitted to the EC for approval.

Composition of the juries are listed in 7.8.2 and 7.10.3. There have to be two reserve judges for each MAG and WAG, one for TRA and RG. The reserve judges must be min. cat. 2.

### **Art. 7.10.2 The World Games**

#### **a) Rhythmic Gymnastics**

See Art. 7.10.1

#### **b) Trampoline Gymnastics**

The judges are designated in the same manner as for the World Championships (see Art. 7.10.3 c). If there are insufficient judges, the TRA TC decides the process for designating the necessary number of judges.

### **c) Acrobatic Gymnastics**

Each NF taking part has the right to present one or two qualified judges, (cat. 1, 2 or 3) in good standing, but must present a minimum of one judge.

If there is an insufficient number of judges, the ACRO TC decides the process for obtaining the necessary number. The selection of judges panels (Execution and Artistry) is made by the draw prior to the judges' instructions.

The Chair of Judges Panel and the Difficulty Judges are drawn by the ACRO TC (CJP: cat. 1 and D cat. 1 or 2) six months prior to the competition. Details of the draw are outlined in the Specific Judges' Rules.

### **d) Aerobic Gymnastics**

Each NF taking part must present minimum one qualified judge (maximum two judges) in good standing with a valid FIG brevet of which one, at least, will be called upon to judge. If there is an insufficient number of judges, the AER TC decides the process for obtaining the necessary number. The selection of judges (Artistic and Execution) is made by the drawing of lots prior to the judges' instructions.

The Chair of Judges Panel (cat. 1) and the Difficulty Judges (cat. 1 or 2) are drawn by the AER TC six months prior to the competition. Details of the draw are outlined in the Specific Judges' Rules.

## **Art. 7.10.3 World Championships**

### **a) Artistic gymnastics (Teams and Individuals)**

Each NF taking part entering a team has the right to present two qualified E-judges in good standing of which one, at least, will be called upon to judge, provided that no R-judge was nominated or D-judge was drawn. If R-judge is nominated or D-judge drawn, only one E-judge can be assigned. The total number of judges per NF may not exceed 2.

If 1 R is nominated, then only 1 E can be assigned.

If 1 D is drawn, then only 1 E can be assigned

If 1 D is drawn, then no R can be nominated.

Federations entering individuals have the right to present one qualified E- judge.

The selection of judges for Qualifying Competitions and All-Around Finals is made as follows:

- The judges for D1 and D2 are drawn by name and by NF from the pool of cat. 1 or 2 judges (D1 only cat. 1, D2 preference is given to the cat. 1 judges). This draw made by the TCs will take place at least six months prior to the competition. Judge D1 and D2 will fulfil the same function during all sessions of the same competition.
- The D1 and D2 judges are considered as FIG judges
- The E1 to E5 judges are drawn by NF at the event prior to the competition from among those federations that have cat. 1, 2 or 3 judges present at the competition. A new draw is conducted for each competition session but gives priority to those federations that have not placed a judge in previous session of the competition.

Should there be an insufficient number of judges, the drawing of lots continues on the same basis but using the names of the federations' second judges (of course not two judges from the same NF in the same panel).

Federations whose two judges are called upon to judge may decide in which competitions they will be utilised.

For the E-Panel in Apparatus Finals only judges whose federations do not have competitors, nor a No 1 reserve gymnast taking part, may be called upon to judge. The selection is by means of the drawing of lots after Qualifications is concluded.

For the E-Panel in Team Finals only Judges whose NF do not have a team taking part may be called upon to judge. The selection is by means of the draw after the Qualifying Competition is concluded. If there are insufficient numbers of judges, the TC's decide the process for designating the necessary number of judges.

See Art. 7.10.1. The judges are designated by their NF and selected for the panels by draw, taking into consideration the degree of the brevet, according to the Judges' Rules.

Each NF participating with a team and a group may present two qualified judges. The federations participating with individual gymnasts and/or a group may present one qualified judge. A maximum of one judge per NF will be called upon to judge per competition.

The selection of judges is made by draw during the Judges' instruction and the judges meetings prior to each competition as follows:

- The D Judges are drawn by NF among the judges with cat. 1 or 2 (preference is given to the judges with cat. 1) only in the beginning of each phase of competition.
- The E Judges are drawn by NF among the judges with cat. 1, 2 or 3 (preference is given to the judges with the highest qualification)

NFs whose two judges are called upon to judge may decide in which competitions they will be officiating.

In Apparatus Finals, only judges whose federations do not have competitors, nor a No 1 reserve gymnast taking part, may be called upon to judge. The selection is made by draw.

If there are insufficient judges, the TC decides the process for designating the necessary number of judges.

### **c) Trampoline Gymnastics**

Each NF (except those participating for the first time in World Championships) must nominate at least 1 qualified judge in good standing with a valid international brevet for each sport (TRA, TUM and DMT) in which they have competitors. The judges must be named at the definitive entry. Failure to provide a judge will result in the FIG charging the NF concerned a fine of CHF 2'000.- for the cost of providing another judge.

The selection of the Chairs of Judges' Panels is made by the TRA TC. The selection of all other judges is made by a draw. In all Finals, if possible, only judges whose federations are not represented in the final may participate in the draw.

### **d) Acrobatic Gymnastics**

Each NF taking part has the right to present one or two qualified judges in good standing with a valid FIG brevet.

The Chairs of Judges' Panel (cat. 1) and the Difficulty Judges (cat. 1 or 2) are drawn by the ACRO TC six months prior to the competition. The details of the drawing of lots are determined in the Specific ACRO Judges Rules.

Each NF (except those participating for the first time in World Championships) must nominate at least one judge. The judges must be named at the time of the nominative entry. Failure to provide a judge will result in the FIG charging the NF concerned with a lump sum of CHF 2'000.- for the cost of providing another judge.

The selection of judges (Execution and Artistry) is made by the drawing of lots the day of the competition. (Qualifications and Finals).

For Finals, only judges from federations without competitors or 1st reserve competitors will be placed into the draw for Execution and Artistry. If there are insufficient judges, the ACRO TC will decide the process for designating the necessary number of judges.

#### **Art. 7.11 Judges' Instructions before the Official FIG Championships, the Olympic Games, the Youth Olympic Games and the World Games**

At the official FIG competitions, the OG, YOG and the World Games an introduction course is organised under the direction of the TCs. The principal aim is to ensure an exact and uniform interpretation of the COP and of the assessment tables.

All the judges are required to take part in this instruction and at subsequent briefings. If they do not take part, they are not allowed to judge.

For the World Championships the length of a judges' course should not exceed 4 hours, including the information about the organisation and the running of the competitions.

During these courses the TCs have the right to test the knowledge of the judges and to dismiss those who prove to be incompetent.

#### **Art. 7.12. The Oath**

##### **Art. 7.12.1 The Judges' Oath**

At the World Championships, and other important international events, juries and judges together pledge to respect the terms of the Judges' Oath which is as follows:

*«In the name of all the judges and officials, I promise that we shall officiate in these World Championships (or any other official FIG Event) with complete impartiality, respecting and abiding by the rules which govern them, in the true spirit of sportsmanship»*

Sporting justice, ethics and honesty are the basis of a fair judgment

If a judge does not abide by his oath, he incurs the risk of being sanctioned as per Status Art. 28. The judge in question may be denounced to the Disciplinary Commission by the TC. These provisions shall also be applicable to the elected members of the TCs and the Jury of Appeal who have not abided to their duty of neutrality, of respect and the application of the rules and the COP.

The members of the FIG EC must respect and uphold the respect of the sporting ethics by assuring that all the gymnasts be judged fairly.

#### **Art. 7.12.2 The Athletes' Oath**

The following text shall be read by a gymnast during the opening ceremony of the World Championships. This Athletes' Oath must follow the reading of the "Judges' Oath". (Art. 7.12.1)

*"In the name of all gymnasts I promise that we shall take part in these World Championships, respecting and abiding by the rules which govern them, committing ourselves to a sport without doping and without drugs, in the true spirit of sportsmanship, for the glory of sport and the honour of the gymnasts."*

#### **Art. 7.12.3. The Coaches' Oath**

The following text shall be read by a coach during the opening ceremony of the World Championships. This Coaches' Oath must follow the reading of the "Athletes' Oath" (Art.7.12.2).

*"In the name of all Coaches and other member of the athlete's entourage, I promise that we shall commit ourselves to ensuring that the spirit of sportsmanship and ethics is fully adhered to and upheld in accordance with the fundamental principles of Olympism. We shall commit ourselves to educating the gymnasts to adhere to fair play and drug free sport and to respect all FIG Rules governing the World Championships."*

#### **Art. 7.13 Behaviour of Judges and Particular Requirements**

Members of Juries are required to be acquainted with, and have in their possession, the COP, the TR and the directions relating to the particular competitions.

They are required strictly to observe the instructions concerning dress code, seating arrangements, behaviour and other disciplinary and organisational matters provided for in the COP.

#### **Art. 7.14 Adaptation of Provisions for Judging at Competitions not organised by the FIG**

##### **Art. 7.14.1 General Remarks**

Continental competitions, competitions between national federations and international tournaments must observe the foregoing provisions with respect to judging arrangements except as modified below:

##### **Art. 7.14.1.1 Judges**

Judges must comply with the requirements of Art. 7.8, 7.10 to 7.12 above.

They have the right to appeal to the FIG in the event disciplinary action has been taken.

##### **Art. 7.14.1.2 Instructions for Judges' Courses**

Instruction courses, preceding international competitions, are part of the judges' education. They are conducted by persons appointed by the TCs and the presence of all the judges taking part in the competition is required.

Discussions will be held on the assessment of the exercises on the basis of the COP taking into account the nature and circumstances under which the competition is held. Questions relating to the various apparatus are clarified. In addition, problems relating to the organisation and conduct of the competition will be examined.

#### **Art. 7.14.1.3 Composition of Juries**

The juries for competitions between 2 teams must be composed of a minimum of 1 neutral judge and 2 judges from each of the federations taking part. At international tournaments and continental competitions, it is not always possible or practical to engage neutral judges and, for this reason, strict compliance with the requirement for neutral judges is not enforced.

The assignment of the judges is based on an agreement made between the participating NFs and if one of them does not wish to present a judge, this must be stipulated in the agreement made by the participating NFs.

If it appears necessary, and financial means so allow, the number of neutral judges may be increased. In exceptional cases, other arrangements are possible by mutual consent of the participating federations.

For **Rhythmic Gymnastics**, juries at international competitions will comprise 4 Difficulty and 6 Execution Judges whenever the number of judges so allows.

**Acrobatic Gymnastics** juries at International competitions will have a minimum composition of 1 Chair of Judges Panel, 1 Difficulty Judge, 3 Execution Judges and 3 Artistic Judges.

For **Aerobic Gymnastics** juries at international competitions will comprise 1 Chair of Judges' Panel, 4 Execution Judges, 4 Artistic Judges, 2 Difficulty Judges and 1 Line Judge.

#### **Art. 7.15 Expenses of Members of Juries**

Particulars of the reimbursement of the expenses incurred by members of juries are set out in Art. 11.6.1 hereof.

### **ART. 8 SCORING**

#### **Art. 8.1 Methods of Determining Scores**

The method of determining scores and evaluating exercises is set out in the appropriate COP.

#### **Art. 8.2 Score Sheets**

The complete detailed results of every international event must be sent to the FIG Office by the organising federation. The results must include the detailed scores given by each judge and the names of the judges.

The results must be signed by the Chair of Judges' Panels or the President of the Superior Jury.

#### **Art. 8.3 Validity of Scores**

In cases where the scores shown on the public electronic scoreboard differs from that officially entered in the computer by the judge, the scores registered on the judge's electronic command desk prevails.

#### **Art. 8.4 Inquiries of the score**

Inquiries for the Difficulty score are allowed, provided that they are made verbally immediately after the publication of the score or at the very latest before the score of the following gymnast or group is shown. For the last gymnast or group of a rotation, this limit is one minute after the score is shown on the scoreboard. The person designated to receive the verbal inquiry has to note the time of receiving it and this starts the procedure.

Only the accredited coaches in the competition area (Artistic Gymnastics) and next to the competition area (other disciplines) are entitled to submit an inquiry.

An area close to the podium where the coach of the competing gymnast can observe the exercise must be designated.

Late verbal inquiries will be rejected. A NF is not allowed to complain against a gymnast from another federation.

Inquiries for all other scores (Execution, Artistic, Time of flight and Synchro) are not allowed.

The inquiry must be confirmed as soon as possible in writing, but within 4 minutes at the latest after the verbal inquiry and requires an agreement of payment of USD 300.-- for the first complaint; USD 500.-- for the second complaint and USD 1'000.-- for the third complaint. Should the inquiry not be confirmed in writing within 4 minutes, the procedure becomes obsolete.

Should the inquiry prove correct and is accepted, this sum will be reimbursed. Otherwise, the sum will be transferred to the FIG Foundation.

Every inquiry must be examined by the Superior Jury and a final decision (which may not be appealed) must be taken at the very latest:

- at the end of the rotation (or group) for the qualifying competitions, the all-around competitions and the team competition (final)
- before the score of the following gymnast or group is shown for the finals (apparatus finals for ART and RG, Group finals for RG).

In the days following a competition, a global video analysis is carried out by the respective TCs (or their representatives designated by the TCs), and in case mistakes are established, the responsible judges will be disciplined accordingly.

#### **Art. 8.5 Invalid results marks**

Some specific designations are used to report invalid results.

**DNS** “Did not start” indicates that the gymnast did not perform a routine or does not attempt a vault. If they just present to the judges and perform nothing, no score will be awarded and a designation of DNS will be awarded.

**DNF** “Did not finish” indicates that a gymnast did start a performance but did not finish sufficient movement to be awarded a score by the judges.

It also indicates that a gymnast did not complete a phase of the competition after having started (i.e.: if a gymnast stops after 2 apparatus in all-around final from injury)

**“0”** A zero is a score awarded by the judges for infringements outlined in the rules.

**DSQ** “Disqualified” is the designation given by the authorities for serious technical infringements of the rules. “Disqualified is the designation given as a result of positive doping results.

DNS and DNF have the following consequences in certain situations:

- no qualification into further rounds of that apparatus, or further phase of the competition if applicable.

“DSQ” as mentioned in the Code of Points and TR 5.5 and 10.3 has the following consequences:

- the results are eliminated and removed from that phase of the competition
- the name of the gymnast is removed from that phase of the competition
- the gymnasts’ ranking for that phase of the competition is recalculated for gymnasts
- for the team event the name of the disqualified individual gymnast is removed from the team
- the results and the ranking of that team are recalculated

**Examples:**

Disqualification from Qualifications means that the gymnast may not proceed to any Finals.

Disqualification from All-Around Final means no results in All-Around Final, but the gymnast may proceed to Team Final and Apparatus Finals if qualified.

Disqualification from Team Final means no results for that gymnast towards the team total and requires the recalculation of the results of the Team Final but the gymnast may proceed to All-Around Final and Apparatus Finals if qualified.

Disqualification is applied for all doping infractions. If a doping case is discovered and proved after the competitions, the ranking lists will be modified retroactively.

## **ART. 9 CEREMONIES AND AWARDS**

### **Art. 9.1 General Observation**

The formal ceremonies of the World Championships, the OG, the YOG and other events constitute the grand finale of the competitions and must be conducted with dignity according to the directions of the EC.

At official FIG competitions, the President or another representative agreed by the EC, establishes a list of the persons designated to award the medals or distinctions. The list, which is transmitted to the LOC, is determined by the protocol prescribed by the EC.

For each competition, an appropriate official ceremony is conducted in the presence of all the gymnasts, delegations of the federations, the judges, the members of the LOC and the public. The LOC is required to decorate the Competition Hall and to display correctly the FIG flag and the flags of the participating federations.

Following the announcement of results, the LOC is obliged to provide the national flags of the gymnasts, who have gained the first three places, to be hoisted and play the national anthem of the winner (or the winners in the case of two first places).

The LOC has to play the national anthem of the host country at the Opening Ceremony.

For the OG and the YOG the IOC rules must be observed.

### **Art. 9.2 Special Formalities at the official FIG Competitions**

The official FIG competitions must be preceded by an official opening ceremony at which the official FIG flag is raised with due respect in the presence of the President (or his duly appointed representative) and the representatives appointed by the LOC in consultation with the President.

Similarly, an appropriate closing ceremony must be organized at which the official FIG flag handed over to the appointed FIG representative.

In case an IOC member is present, the IOC flag must also be displayed.

### **Art. 9.3 Awards**

#### **Art. 9.3.1 Design of the Medals and Diplomas**

The design proposed by the LOC must be approved by the Secretary General.

#### **Art. 9.3.2 Timing of Award Ceremonies**

In all disciplines, the ceremonies must take place immediately after the competitions and, in finals, in principle after the competition on each apparatus or category.

Qual = Qualifications, TF = Team Final, AAF = All-Around Final, AF = Apparatus Finals

The Opening Ceremony will be arranged according to the programme selected and the duration of the Championships. The addition of another day will allow further flexibility.

#### Art. 5.1.2 Right of Participation and Size of Delegations

All the federations are entitled to participate either with a team of 4 –5 (4 OG) gymnasts or with a maximum of 3 Individual gymnasts. Member Federations with 3 individuals may be considered in the team ranking in the Qualification and may qualify for the Team Final provided they register as a team at the provisional and definitive entry registration deadline.

Except for Olympic Games, Delegations with full teams are entitled to include one reserve gymnast for men and one reserve gymnast for women.

In order to ensure that performances are worthy of the distinction of the World Championships, the Technical Committees may determine a minimum average score as a pre-requisite for participation.

During Qualifications and Team Final, only two official coaches (and 1 only for individual gymnasts) will be allowed within the Competition Area. In the case of the Women's Competition these will consist of at least one female coach, but when a team has only one coach, then the coach may be male or female. It is possible to replace an official coach by one of the personal coaches, during the course of the competition provided the official coach leaves the competition area before the entry of the personal coach.

A maximum of 1 coach per athlete for All-Around and Apparatus Finals is allowed.

Each federation's medical representative is allowed to accompany the team into the Competition Area but not to present himself on the podium with the team.

#### **Participation in World Championships:**

\* Note: For Olympic Games no Reserve Gymnasts are allowed

\*\* Depending on the number of participating gymnasts

For all other delegation members, including additional coaches, see FIG Rules for Accreditation which are established by the EC FIG.

#### **Art. 5.1.3 Qualifying Team and Individual Competition**

The results obtained determine

- the qualification for all final competitions
- the ranking of the teams placed 9<sup>th</sup> or lower
- the ranking of the all-around competitors placed 25<sup>th</sup> or lower.
- the qualification for the Olympic Games according to the Qualification System for the Games (see Appendix A)

This competition is organized by a rotation of Groups. A Group comprising either a team of 4 to 5 (OG: 4) gymnasts entered by national federations or mixed groups formed from individual gymnasts of different federations. A team shall provide for not more than 5 gymnasts (OG 4), 4 may compete on any single piece of apparatus and the 3 (OG 3) highest scores will be taken into account for the team total.

For Men, the competition consists of optional exercises on six apparatus. For Women, the competition consists of optional exercises on four apparatus. Only gymnasts who perform on all the apparatus are eligible to qualify for All-Around Final (see following Art. 5.1.4).

To qualify for the vault finals two vaults are necessary. The qualifying score is based on the average of the two scores.

For the All-Around and team ranking only the first vault will count.

The working order of the gymnasts making up a national team (making a group) should include all competing gymnasts and is decided by the team leader. Should one of the gymnasts be injured during the competition the submitted working order does not change. The injured gymnast is deleted from the working order and any substitute has to take the same place.

In case of a tie at any place, the tie will be broken according to art. 4.4.1.1. to 4.4.1.3

#### **Art. 5.1.4 All-Around Final**

This competition determines the All-Around Individual Champions.

The competition consists of six optional exercises for men and four optional exercises for women.

Twenty-four (24) gymnasts from Qualifications will take part in this competition in one subdivision. (with a maximum of 2 per federation).

The results of Qualifications are not carried forward to any final (start from zero.)

Four (4) reserve gymnasts are designated, taking into account the list of results of Qualification (if they are to compete, see Section 1, Art. 4.2).

The results of All-Around Final determine the Individual All-Around Champion. In case of a tie at any place, the tie-breaking rules for Olympic Games (art. 4.4.2.1) are applied.

#### **Art. 5.1.5 Apparatus Finals**

The results of the finals determine the champion on each apparatus.

On each apparatus, the eight gymnasts (with a maximum of two per federation) who have obtained the highest total scores on such apparatus, in the course of Qualifications, perform an exercise (which on vault means two vaults) on the apparatus in question.

The results of Qualifications are not carried forward to the finals (start from zero).

Three (3) reserve gymnasts are designated taking into account the list of results of the qualification. If called upon, a reserve gymnast works in accordance with the order of the gymnast replaced.

In case of a tie at any place, the tie-breaking rules valid for Olympic Games (art. 4.4.2.2) will be applied.

#### **Art. 5.1.6 Team Final**

The results of Team Final determine the winner of the Team Championships.

The 8 teams having obtained the highest total scores in Qualifications take part in this competition consisting of six exercises for men and four exercises for women.

A team consists of 3 to 5 (OG: 4) gymnasts. Three (3) gymnasts compete on each apparatus. All scores will be added together for the total.

If a gymnast is injured during the Qualifications, he/she can be replaced by the 6<sup>th</sup> (reserve) gymnast for Team Finals, with the approval of the concerned Technical President, and with certification by the official competition medical authority.

The results of Qualifications are not carried forward to Team Final (start from zero).

In case of a tie at any place, the tie-breaking rules valid for Olympic Games (art. 4.4.2.3) will be applied.

#### **Art. 5.1.7 Formation of Groups and Working Order**

Teams or, respectively, individual gymnasts will be formed into groups for competition, normally in six groups for men and four groups for women. This may vary, however, according to the type of competition with the approval of the FIG/EC.

The formation of gymnasts into groups is the responsibility of the TCs.

### **Art. 5.1.7.1 Qualifying Team and Individual Competitions**

The gymnasts perform in groups, consisting of teams or mixed groups, each group performing in a subdivision of 6 apparatus for Men and 4 apparatus for Women.

The allocation of individual gymnasts, within the different groups, is decided by the draw (see also Section 1, Art. 4.4). All gymnasts belonging to a national team (NF) perform in the same group. The placement of groups to the various sub-divisions is decided by a draw.

The working order in each sub-division is also decided by the draw.

Nominated teams which arrive only with individuals will be treated as individuals. Depending on the circumstances, they might lose the place they obtained as a team at the time of the draw. In this case, they might occupy the vacancies in the individual gymnasts' groups.

If a complete team does not participate, its place, determined by the draw for the starting order of the teams, will remain empty in the concerned subdivision.

For each apparatus, the starting order of the gymnasts making up a national team (making a group) and the starting order of the individual gymnasts (if more than one per federation), is decided by the team leader. The starting order must be submitted to the Competition Management Office (or any other place mentioned on the form) 24 hours prior to the start of the competition at the latest for all accredited gymnasts (with maximum 5). If a competition takes place over more than one day, the deadline of 24 hours refers to the day the team has to perform. If a NF does not respect this deadline, the starting order of its gymnasts is determined based on the bib number.

Federations with more than one gymnast can submit the working order for their gymnasts on each apparatus. This only determines the order for gymnasts from their individual federation during each competition rotation. There is also an internal rotation of federations within each competition rotation. After an apparatus rotation is complete, the first position in each rotation moves to the last and all the following positions move one position forward. Each internal rotation utilizes the position for every gymnast in the competition rotation whether or not they compete on an apparatus.

The same principle for the working order for mixed groups used by MAG, applies also to WAG:

					
346 SIN	346 SIN	171 CRO	171 CRO	170 CRO	279 NZL
347 SIN	171 CRO	170 CRO	172 CRO	279 NZL	346 SIN
172 CRO	172 CRO	172 CRO	279 NZL	346 SIN	347 SIN
170 CRO	279 NZL	279 NZL	347 SIN	347 SIN	172 CRO
171 CRO	347 SIN	346 SIN	346 SIN	171 CRO	
279 NZL		347 SIN	170 CRO		

Note: (For mixed groups after publication of the Start List) In case of withdrawal of an individual gymnast and when the federation has more than one gymnast, the earliest position(s) attributed to the federation must be used. Using the example above, if 171 CRO withdraws on Vault, 172 CRO moves to the first position and 170 CRO moves to the second position of the Vault rotation.

### Art. 5.1.7.2 All-Around Final

The 24 gymnasts will perform in groups. They will be seeded into Olympic order of apparatus based on results from the qualifying competition.

After each apparatus the gymnasts who started will drop to the last position on the next apparatus. Touch Warm-up on the podium will be allowed before each apparatus.

\* Depending on the number of participating gymnasts

For all other delegation members, including the additional coaches, see FIG Accreditation Rules which are established by the EC-FIG.

**b) Qualifications**

These competitions must be entered by all pairs or groups aiming to qualify for Finals. All pairs and groups perform 3 exercises, 1 Balance, 1 Dynamic and 1 Combined.

The starting order of the Balance Dynamic and Combined Exercises will be determined by three different draws as determined in Section 1, art. 4.4

The 8-6 highest scoring pairs and groups in each category, after the 3 exercises in qualification, proceed to Final.

When there are less than 12 NFs in a category, only 6 will proceed to the Final.

Not more than 1 pair or group per NF is allowed to proceed to the Finals.

The results from Qualifications also count for the team ranking.

### **c) Finals**

This competition determines the World Champions per category.

The starting order will be determined by draw, with those placed 5-8 first and those placed 1-4 to follow.

In case of 6 participants in the finals, those placed 5 and 6 will perform first and second with the position determined by draw; those placed 1 to 4 will follow with the order determined by draw.

The competition starts from a score of zero.

The pairs/groups with the highest points in each category are declared World Champions in their particular categories.

### **d) Team Ranking**

To participate in the ranking by teams, NFs must be represented with 3 different categories including at least one pair and one group in Qualification.

The delegations must announce the composition of their team, when they submit their nominative registrations.

The team classification is established on the basis of the overall placings over the 3 exercises performed in Qualifications by the declared team members.

The 3 placings are converted into points as follows:

e.g. If 16 countries are entered in a World Championships, the first place gets 16 points, the second place 15, the third place 14 etc.

All categories get a uniform conversion regardless of the number of competitors in the event.

The team with the highest number of points is declared Team World Champion. Each member of the winning team is awarded a medal.

## **Art. 3.3 Tie-breaking Rules (valid for all competitions)**

In case of a tie in points at any place in Qualification, the ranking will be determined by the following criteria:
