

**WAG Intercontinental Judges Course**  
**December 2016**  
**Question and Answers**

General	Question	Answer
<b>Section 2-5</b>	If gymnasts fails to leave podium after removing board is it a 0.30 or 0.50 deduction?	It is 0.50 because the gymnast is fulfilling the role of coach.
<b>Section 6-9</b>	When there is clear no DV (gymnast fails to land on her feet, did not grasp the bar at all) then deduct only for fall, 1.00.	Yes, only for the fall.
	Precision 0.1 + Body shape max.0.5 = cumulative .0.60? Height 0.3 + Body shape max.0.5 = cumulative .0.80?	Yes Yes
	Is developpe technique for Split leap fwd on FX acceptable? Is developpe technique for Split leap to ring acceptable?	Yes Yes
	 front leg below horizontal 0.1 Insufficient split 0.3 Can have 0.4 deduction?	No, judge may choose 0.3 or 0.5 for "Body shape" deduction
	 ;  Does a half turn change the element to a different element?	Elements are different, but on FX, they are in same box so can only be performed one time in the routine to receive DV.
	 =  is both are the same element?	On FX, they are in same box so can only be performed one time in the routine.
	Can  have a straight back leg?	D panel requirements: Back leg bent at min.135° This will be added to Sec.9.3 of the COP'17.
	What value is this leap?  =   Are they same elements?	 this element is "D" and it utilises a tour jete technique, requiring front leg to be at horizontal   this element which is split leap ring followed by 360° is yet to be performed. When performed it will be considered a different element.

	If the gymnast perform  and turn do not completed, what element we should give it?	It will be recognised as  and no deduction for leg position.  If the technique is split leap ring followed by 360° (  ) then it will be considered split leap ring followed by 180°. Both elements yet to be performed.
	If split leap ½ turn has a diagonal leg position is it a tour jete?	BB & FX  (2.301 on BB & 1.201 on FX) this requires horizontal leg position (deduction for body shape if not horizontal)  (2.404 on BB & 1.201 on FX) this requires diagonal leg position (deduction for body shape if not diagonal)
	How do you count number of elements for Short exercise?	All apparatus: Count all elements, except those not rewarded DV due to technical failure or repeated. FX: Acro elements performed after the last counting acro line will be counted for Short exercise.
<b>Section 10 Vault</b>	Can Yurchenko mat be used for all Yurchenko entry vaults even if not in group 4?	Yes – can be used for Yurchenko entry vaults from group 1, 4 and 5
	When is the vault Handspring Front Salto Layout ½ considered a Tsukahara (Kasamatsu) Layout Salto?	When there is ¼ - ½ TURN (90°-180°) in 1st flight phase
<b>Section 11 Uneven Bars</b>	If hit mat before the kip or during kip or fall following Pak Salto, does the fall belong to Pak or to glide? 	The fall belongs to the Pak Salto regardless of timing of the fall or hit the mat. Give DV, CR but no CV
	What are the max deduction for one element?  bent legs 0.5 bent arms 0.5 angle 0.3	There is no maximum deduction for one element in the COP. Therefore in this case it will be 1.30 deduction.
	 If gymnast arrives in support or grasps the bar before a fall do we give DV?	Yes

	If gymnast hits the bar does she receive CV?	Yes
	<p>If  is devalued to "D" can it still be used for CV?</p> <p>What is the value of Adler if no hip extension?</p>	<p>No because all D and C elements must have flight or turn</p> <p>Award D and deduct 0.30 for angle of completion, 0.10 body alignment.</p>
	Can we reward  +  for CV	Yes, can reward, E elements do not need flight or turn for CV
	If gymnast hit bar with feet in salto and then hit mat, what is deduction?	Only deduct for hit the mat – 1.00 deduction.
	Can a gymnast walk under the LB before she acknowledges the D-panel and starts the exercise?	Yes, with no deduction
	Is there any deduction if the gymnast brush the mat after Pak salto?	No deduction for brush mat.
	If the gymnast hit the bar with one foot in  and then falls (after grasping the bar)	<p>Deduction is 1.00 for fall and award DV.</p> <p>Apply execution deductions in </p>
	In flight element, if the bar vibrates and then fall occurred, give DV or not?	There must be a grasp.
	Performing a kip after  type element do you consider empty swing?	Deduct for empty swing.
	Deduction for Pak Salto, do they also apply for  and  ?	Yes
	 and  are different elements?	<p> has been removed from the code.</p> <p>The turn must occur in the flight phase.</p>
	What is the process for the late finish of turn on eagle giant 1/1 turn on one arm?	<p>Deduct for the angle of completion of the turn (0.1, 0.3, 0.5).</p> <p>If turn does not begin prior to vertical then award "D" (3.410).</p>

	If flight element is caught with one arm and the other arm over the bar with trunk contact of bar, to finish in momentary hang, what is the deduction?	Deduct 1.00 for fall on apparatus. DV is awarded but execution deductions for salto is taken.
	Can  be used as a mount and fulfil CR1?	Yes
	If mount 1.204  and 1.408  can have a kip after is this considered an empty swing?	Yes, there will be deduction for an empty swing.
	If gymnast does a  with 360° and performs a kip after? If the 360° is on the back swing ?	It will be considered an empty swing. As per COP Section 11/ page 2. If a gymnast performs a swing with a 1/1 turn after  , then this is an element not in COP so it will need to be submitted.
	Does element 2.303  fulfil CR #4 for flight?	No, flight must be over the bar or salto. See COP Section 11/ page1.
	What is the criteria for awarding Gienger salto stretched or Jaeger salto stretched?	Stretched body position in the head up position.
	Are these considered different grips   ?	Considered same grip – both are regular grip.
	When there is a hit of the bar and an empty swing should both deductions be taken?	Yes
	What is the root skill for Line 5.101 to 5.501, Line 5.102 to 5.402, Line 5.103 to 5.403 and Line 5.104 to 5.404?	Elements in these lines in the code will not be considered for the root skill principle.
<b>Section 12 Balance Beam</b>	 is acro flight element or not?	Not a flight element
	What is value of Forward Salto tuck with ½ turn?	No value assigned until it is performed. The technique gymnasts use currently is a Barani  .
	What is the value of aerial cartwheel to land on two feet?	Same as aerial cartwheel according to Section 7/ page2.
	What is value of sissoné if front leg is horizontal	If the front leg is horizontal, then recognize as sissoné and deduct for body shape.

	What is the principle regarding the counting of acro elements when there is no dismount on BB?	As per Sec.12
	What is included in artistry on BB?	Those listed under artistry and composition in Code – 12.5.
	Do you credit SB  ?	Yes, acro elements (flight and non-flight) can be repeated and do not need to be directly connected.
	What is the meaning of amplitude of leg swings and kicks?	Maximum split / extension in all movements that have leg swing or choreography with kicks.
	When  awarded a Johnson if turn is incomplete?	It will be awarded  when there is a clear straddle position evident, otherwise recognize 
	When is it considered <b>No fall</b> when a gymnast has no dismount?	<b>No fall</b> will be taken if a gymnast does for example round off straight jump off the end of beam (intentionally) and land on feet. No DMT will be awarded. Landing deductions will be applied.
	Could  +  be considered rebounding?	This can not be considered rebounding.
<b>Section 13 Floor Exercise</b>	Where will  be placed in symbol chart?	1.209
	If the second acro line is  can we deduct for subsequent line?	No because it is not an acro line.
	Can there be indirect CV for  ?	Yes, award CV + 0.10 for C + D (indirect connection)  considered "B" if <b>not</b> connected to a salto (directly or indirectly)
	What is CV for  ?	Award Total CV +0.10; for C + C direct or C + X + D indirect
	What CV is awarded for  ?	Award CV +0.10 for A + A + D (indirect connection)
	Is lack of variety into corners only applied one time for entire exercise?	Yes (WAG NL #40)

	Does  considered as acro series?	Yes, it is acro line
	What is the difference between subsequent acro line and more than one subsequent acro line? When is the second deduction applied.	<p>Deduction for Subsequent acro line is applied when there is no, or not enough choreography between two acro lines.</p> <p>If then a third acro line on same diagonal performed</p> <ul style="list-style-type: none"> <li>• <b>with</b> enough choreography then apply deduction 0.10 for <i><u>“More than one subsequent acro line”</u></i></li> <li>• if performed <b>without</b> choreography then apply deduction 0.10 for <i><u>“Subsequent acro line”</u></i> and 0.10 for <i><u>“More than one subsequent acro line”</u></i>).</li> </ul>
	What is the requirement to receive CV when gymnast performs  +  ?	<p> must be completed exactly and in the required position</p> <p>Support leg and hip must be extended prior to  CV will be awarded as per Section 7.4.1.</p>
	The side salto piked is an element on floor, how do we evaluate this element?	This element will be removed from the table of elements
	Does the connection of acro elements with turns principle applies to jumps/leaps connection?	No
	What is the requirement for Attitude position in  ?	<p></p> <p>Required attitude position in the turn (<i>knee of free leg at horizontal throughout turn</i>). If back leg at side then consider only </p>
<b>General</b>	If gymnast exceeds 60 seconds and the routine is terminated is the deduction for “No DMT” applied?	Yes
	If gymnast exceeds 60 seconds and the routine is terminated is the deduction of 0.30 for “Time exceeded” taken?	No
